CLERK, U.S. DISTRICT COURT

By _____
Deputy

AFFIDAVIT OF FRANCIS NASHWOOD

State Of Texas

County of Tarrant

1. Francis Nashwood, first being duly sworn on oath, deposes and states the following.

4-16 CR-136-A

2. That the following facts are true information and belief, and I am competent to testify on the matters stated.

3. The information herein was given to me by Patrick Lee Graydon, BOP # 54251177 and he was my cell mate at all times in the SHU at F.C.U. - Fort Worth, Texas.

4. Patrick told me that other than Tanya, the female that was indicted for some ten pounds of methamphetamine in connection with his case, that before her, there was a bigger supplier he purchased meth from - Sandra who owns a Red Barn bar where the gang, "The Bandits" hang out. Patrick calls her "everyone's 'house' mom". I asked him what a 'house mom' is and he told me, "someone no one messes with". Patrick told me during these times he did business with her, she was able to make enough money to build

her backyard at the bar. I convinced Patrick to testify against her by using "Big Mike" as the sword to build the fire. It is said by Patrick that Big Mike is very huge, dangerous, and incarcerated. Patrick doesn't like Big Mike because Big Mike received \$30,000 from Sandra to help Mike fight his case whereas Patrick only received \$10,000.00 from Sandra to help with his case. I used this information to convince Patrick to testify against Sandra and it is for this strong information I believe Patrick was telling me the truth and that the information falls under one of the hearsay exceptions. In fact, Patrick was so pissed after bringing back past memories, that without allowing me to help him testify, he began writing his testimonial statement to his attorney of record. It should be noted that in his letter to his counsel, none of the information was certified under penalty of perjury and that his statements are more incriminating against him self as well as to Sandra. I believe this incrimination is outside the scope of the attorney-client privilege.

1. *Illinois v. Gates* (future action denied).

5. It should also be noted that from my long discussions with Patrick, I believe his actions at times are made against individuals out of hatred and retaliation.

6. For example, Patrick told me that Big Mike first switched on him and that Sonba paid out more money to Big Mike rather than Patrick so it is easier to switch on them. Patrick also told me that he switched on other individuals who he claimed switched on him first and that his name was on those individuals indictments.

7. That if I should testify to the above facts at trial or any proceedings, I will testify.

I declare under penalty of perjury that the foregoing is true and correct and executed on August 30, 2016 pursuant to 28 U.S.C. § 1746 (2).
